Dyslexia Awareness

With Mark Long

5th February 2019 at 6:30pm

In the Main Hall

Dyslexia is a learning difference that affects 1 in 10 people. Individuals with dyslexia often find it challenging to develop reading and spelling fluency and can also have difficulty with remembering verbal instructions and learning sequences such as the alphabet, days of the week and times table facts.

This session provides an introduction to dyslexia. It explains why children with dyslexia can find reading, spelling and writing so challenging and describes strategies that can be used to help children improve in these areas.

Growth Mindset

With Caroline Lafferty-Jenkins

27th March 2019 at 6:30pm

In the Main Hall

The beliefs children have about intelligence, effort, and struggle impact the choices they make about learning. Children with a fixed mindset believe that intelligence is fixed at birth and doesn't change with practice. They see school as a place where abilities are evaluated and they interpret mistakes as a sign that they lack talent.

This session will help you help your child/ren to develop a growth mindset believing that intelligence can be developed. These students see school as a place to develop their abilities and think of challenges as opportunities to grow.

Child Sexual Exploitation (CSE)

With Jane Wetherill

20th May 2019 at 6:30pm

In H1, Sixth Form

CSE is a type of sexual abuse does not always involve physical contact and can happen on-line via posted images, webcam or text/messages. Children in exploitive situations and relationships receive something such as gifts, or affection as a result of performing sexual activities. Young people may be tricked into believing they're in a loving, consensual relationship and often trust their abuser and don't understand that they're being abused.

This session will raise awareness of the signs of CSE and guide you in teaching children and young people about healthy relationships.
