

The Levels Academy Trust

Raising Aspirations, Realising Potential TOGETHER

17th July 2020

Change to our Trust

Dear Staff and Parents,

We are writing to inform you that the Member and Trustees of the Levels Academy Trust (TLAT), having carefully considered all relevant factors, have decided that our schools should transition into the Preston Primary Academy Trust. (PPAT) This decision, which has been made after several weeks of due diligence, has been made after instruction from the Regional School Commissioner (RSC) and Ofsted to improve the quality of provision at some of our schools.

Working with PPAT will be a positive step forward for our schools. PPAT acknowledges and will build upon the current strengths of TLAT schools and will ensure further improvement where necessary. It will also ensure that the individual nature and character of each school will be maintained and developed.

We have attached further information about PPAT, who will continue to work closely with our schools over the Autumn term. The target timeline for completion is Dec 31st, which remains subject to further due diligence and contracts.

Best Wishes.

Gary Piper
Chair of the Levels Academy Trust

Stuart Busby
Interim CEO of the Levels Academy Trust
