<p>LO: To understand and use geographical vocabulary</p> <p>Have a think about the following words: beach, cliff, forest, hill, port, harbour, mountain, ocean, river</p> <p>Do you know what they mean? Can you explain some of the words to an adult? If you do not know the meaning of some, either ask an adult or use the internet to find out!</p> <p>Then, I would like you to write each word in your book and write a sentence to explain what they are. You could even draw a picture as well!</p>	<p>LO: To look for and compare seasonal changes</p> <p>Go for a walk around your garden or look out your window. What changes can you see? What changes may happen in spring? For this activity create a picture showing the changes that you see or what happens in springtime. It may be a picture of a flower or an animal or some other change. You could collect twigs, leaves, flowers, stones to create your picture. Then, write a paragraph detailing the changes you have seen.</p> <p>Remember to do your work in your English book and stick your picture in if you can. If you have made your picture out of different materials try to draw what you have created under your paragraph.</p>	<p>LO: To master basic movements</p> <p>Look at the exercises on the sheet attached. Do each of these exercises for 1 minute and record how many you manage to do. It is really important to record your scores as we will try to beat them next week!</p> <p>Also try to do one of the following workouts: Cosmic Yoga Joe Wicks (both can be accessed through YouTube)</p>	<p>LO: To learn about the Bible</p> <p>Christians believe that there is only one God.
