Enrichment activities			
	Wednesday 6 th January	Thursday 7 th January	Friday 8 th January
	<p>Art. L.O: To research Hiroshi Shinno</p> <p>http://hiroshishinno.com/english-top/</p> <p>https://www.livemaster.com/topic/3099485-fantastic-insects-by-hiroshi-shinno</p> <p>Today I would like you to research our chosen artist for the term. Hiroshi Shinno is a sculptor and makes the most amazing sculptures inspired by insects. See if you can come across a few that inspire you and sketch them yourself.</p> <p>Can you also find out a few facts about Hiroshi himself?</p>	<p>Science</p> <p>L.O: To explain how living things obtain food.</p> <p>https://www.bbc.co.uk/bitesize/topics/z6882hv/articles/z96vb9g</p> <p>(Animals can be put into groups based on the types of food they eat. Some animals called carnivores only eat meat. Others are called 'herbivores' and only eat plants. Animals that eat meat and plants are called 'omnivores'.)</p> <p>Today I would like you to choose a variety of different animals (mammals, reptiles, insects) and classify them in to their different categories. Can you discover what types of food they eat? How do they find their food? What characteristics do they share? E.g: sharp claws, teeth. This can be presented as a fact file, poster, information text or more focused on drawings and facts.</p>	<p>PSHE</p> <p>L.O: To identify ways to keep ourselves healthy.</p> <p>Today I would like you to create a leaflet or poster of all the ways we can keep ourselves healthy.</p> <p>Can these then be displayed on your fridge at home as a reminder to your family of how we can best look after ourselves (especially whilst we are at home).</p> <p>Cook a dish to share at home. This could be sweet or savoury. Be sure to show us what you have made on Heps at home.</p>
