Find and draw the activities that make your heart go lower.</p>	<p>PE Fitness.</p> <p>Continue your work from last week on fitness. Then working with someone at home, record your progress on the fitness chart whilst completing each activity for 1 minute. You can practise through the week and see if you can beat your scores from last week?</p> <p>Extra activity – Check your pulse after each activity and make a bar chart /block graph to show which activity makes your heart beat fastest.</p>	<p>Art LO – Design</p> <p>Look at some more of Piet Mondrian's art work. https://www.tate.org.uk/art/artists/piet-mondrian-1651/introducing-piet-mondrian</p> <p>I'd like you to design and create your own Mondrian art work using Primary colours, black lines and whatever media (Paint, pencil crayons etc) you have. I'd like you to use a view from a window as your starting point. You are going to need to turn the colours you see into primary colours and many of the things you see you'll need to turn into straight lines. Let's create an online gallery by posting your pictures on Twitter.</p>	<p>DT Cookery</p> <p>Your challenge is to cook or bake something with somebody in the house? I've already seen pizzas, curries and buns being made. Decide what you want to bake, follow some instructions carefully and learn how to cook something with somebody.</p> <p>ALWAYS WORK WITH AN ADULT SO YOU CAN BE SAFE IN THE KITCHEN.</p>
