World Book Day

We have had a few questions about the theme ... children are encouraged to embrace a different country, character etc this year. Let their imagination run wild!

Please don't forget to donate any costumes which no longer fit. We have a small store of these so please ask if you are looking for inspiration.

Safeguarding and support

Sepsis is life threatening. It can be hard to spot. There are lots of possible symptoms. They can be like symptoms of other conditions, including flu or a chest infection. Sepsis can be especially hard to spot in:

- babies and young children
- people with a learning disability
- people who have difficulty communicating

If you think you or someone you look after has symptoms of sepsis, call 999 or go to A&E. Trust your instincts.

If you are worried about a child or young person who could be in danger, please contact:

- Children's Social Care on 0300 123 2224
- Children's Social Care at childrens@somerset.gov.uk
- the Police.
